

## Associate International Dispute Resolution

Crowell & Moring LLP is an international law firm with offices in the United States, Europe, MENA, and Asia. Opened in 1999, Crowell & Moring Brussels was initially a natural European extension of the firm's antitrust, international trade, and regulatory practices. Today, our Brussels office has grown to 36 lawyers representing clients in litigation, transactional, counseling, arbitration and regulatory matters in a number of different European jurisdictions.

Crowell & Moring's Brussels office has a strong domestic and European practice, with clients ranging from local SME's to the world's largest multinational corporations with operations in the European Union. We offer practical and commercial solutions to the business challenges facing our clients, especially when operating in unfamiliar markets. The Brussels office is a one-stop shop for international businesses needing to understand not only EU law, but also multiple legal and regulatory jurisdictions and regimes across Europe.

Our Brussels lawyers focus on antitrust/competition; intellectual property; international trade and customs, including WTO and anti-dumping; litigation and arbitration; telecommunications, media, and technology; corporate and commercial; labor and employment; consumer protection and unfair competition; pharmaceutical law/life sciences; privacy and data protection; product risk management; and environmental, energy, and chemical law.
