We're looking for an **Associate Lawyer in Real Estate** to start as of now or in October 2023!

What you'll learn and do

- As a Real Estate Lawyer, you will help our clients by assisting clients in the legal aspects of **real estate transactions**: due diligence, structuring, contract drafting, negotiation, financing and implementation.

- You will research **business and industry trends** with a view to examining specific topics (draft law, case-law, administrative positions etc.), developing new service offerings, and considering new opportunities for real estate actors.

About you

- Master's degree in law with a specialisation in **Real Estate**.
- An LLM in notarial law is a plus.
- You're graduating this academic year or have a maximum of two years experience.
- Very good language skills in Dutch and/or French and English.
- Great team spirit.
- Ability to work under pressure.
- Excellent communication skills.
- Client oriented with very good analytical and writing skills.
- Motivated, dynamic and able to work both independently and in a team.
