## URGENT: DYNAMIC MULTILINGUAL BELGIAN LAWYERS

Given the expansion of its activities **Everest** is looking for several lawyers to join their **Antwerp** office. We are an independent and multilingual law firm that mainly focuses on (international) companies. We practice in various areas of law such as (international) company law, tax law, real estate law and so on. Our legal services focus on the elements that really matter: high quality, price-conscious, specialised, both regionally and internationally focused, and always with the client in mind. To strengthen our firm, we are looking for a multilingual junior or senior lawyer with at least 1 year of experience in business law.

### Profile

The profile of the attorneys we are looking for:

- A master's degree in law, preferably with a focus on **commercial/corporate** law, or **labor** law;
- Knowledge of French (native if possible), English and Dutch, as well as excellent results at university, are a must;
- A critical mind with good insights and a creative approach;
- Able to work well in team, as well as independently;
- International experience is a plus.

### Offer

Within our vibrant Antwerp office, you will have the opportunity and responsibility to further expand your experience within a team of motivated professionals in an international environment, with real career opportunities within your team and a competitive remuneration based on experience and commitment.

### Procedure

Please address your CV and motivation letter to Mr. Mario VAN SANTVOORT ([mvs@everest-law.com](mailto:mvs@everest-law.com)). It goes beyond saying that every application will be treated with strict confidentiality.
