

Description

About Fieldfisher

Fieldfisher is a forward-thinking, innovative European law firm with offices across the continent. We have a strong sector focus, providing expert advice to clients in a range of industries including technology, life sciences, energy, finance, and more. With a network of lawyers spanning multiple countries and disciplines, we deliver high-quality legal services to a diverse client base.

Corporate Practice at Fieldfisher Belgium

Our Corporate Practice in Belgium is a dynamic and highly skilled team that advises clients on a wide range of corporate matters. We work with both local and international clients, providing them with strategic and commercial advice on mergers and acquisitions, corporate finance, private equity transactions, joint ventures, corporate restructurings, and other corporate transactions.

We are looking for a Junior Associate with a focus on Corporate

Requirements

- You hold a Bachelor's and Master's degree in Law from a reputable university with strong academic results;
- You have 0-2 years of experience in a corporate practice at a law firm;
- Fluency in Dutch or French and English is required;
- You have excellent analytical, drafting, and communication skills
- You are a team player with the ability to work independently
- You are proactive, detail-oriented, and have a commercial mindset

Benefits

We offer you the opportunity to unleash your potential and to work in a stimulating, enriching and international environment with a fun and friendly atmosphere.

Our aim is for you to flourish and to offer you a place to belong where you can grow and be the best version of yourself. We run national and international professional development programmes on legal topics tailored to your practice matters as well as personal development sessions to hone your communication, IT, management and

business development skills. Our programmes allow you to work with, and learn from, people from other practices and countries.

We offer you interesting and challenging work and the opportunity to work in a truly interdisciplinary way.

You will receive a competitive salary plus benefits, adapted to your level of relevant experience.
